10.-12.12.2024

Congress Centre North,
Cologne

Dear Sir or Madam,

This year's congress, **CHOCOTEC**, will be again accompanied by a foyer exhibition. We invite you to take part as an exhibitor.

The Congress Centre North Koelnmesse provides excellent facilities including presentation facilities and a high quality restaurant with terrace located next to the exhibition area.

As the number of booths is limited, we will allocate only one booth per company (with the exception of those in need of more space to display big machinery or equipment, located at the entrance). We will give priority to companies who are members of the ZDS on a first come, first served basis.

In order to give you an idea of how the booths are arranged, attached you will find a plan of the exhibition facility and a description of the booths. There are max. 46 booths planned of size 3 x 2 m (6 sqm). Two or more booths could exceptionally be combined to allow the presentation of big machines or equipment.

Each standard 6 sqm booth is free of charge for those companies who register two delegates to the symposium **CHOCOTEC 2024** (for 1 person, fee: EUR 2.490,00 EUR). Costs of stand construction and dismantling are 114,52 EUR per sqm plus VAT, charged by Koelnmesse GmbH.

If you have any technical questions, e.g. about construction, back walls or electricity, please get in touch with Koelnmesse GmbH (details attached), who will invoice you for the costs of stand construction and dismantling as well as any additional costs, if applicable.

We would be delighted to welcome you as an exhibitor and to present your products on the exhibitor's platform. Please do not hesitate to contact us if you have any further questions.

Best regards
